

**NBME's The Edward J. Stemmler, M.D.
Medical Education Research Fund
Interim Narrative Report**

Instructions for Principal Investigators: Please complete your interim narrative report (as instructed below) along with your fiscal report by the due date noted in your contract and email it to stemmlerfund@nbme.org

1. Please provide a brief narrative account or description of progress toward achieving the specific objectives outlined in the grant within the first portion of the grant period. This report is meant to capture what has been accomplished by the expenditure of funds; if there are differences in what was proposed and the outcomes of the project thus far, please include an explanation. The report should include the following:
 - a. The primary objectives and related accomplishments of the project;
 - b. The techniques or approaches used, to the degree necessary for comprehension;
and
 - c. The findings and implications (to date) stated as concisely and informatively as possible.
2. Please attach copies of all publicity on this research project which have not yet been forwarded to the NBME over this grant period.

If you have any questions or need assistance, call (215) 590-9657 or send an email to stemmlerfund@nbme.org.
